## Junior Full-stack Developer

Hi! As a junior full-stack developer, I have already gained experience in HTML5, CSS3/SASS, JavaScript, React, React Native, Redux, Node.js, Express, Git and I am currently studying Next.js and TypeScript to expand my skillset.

I also bring a wealth of experience as a customs broker, where I developed skills in decision-making under stress, creative thinking, and strong analytical skills. I am a quick learner, communicative, and responsive, and I am eager to contribute my skills and knowledge to your team.
